

A quick look at our week:

Religion: Participating in Mass

Service: Birthday Cards

Language Arts: We finished up our fact/opinion unit

Readings Groups: Ask your child what they're reading in their group!

Phonics: Long vowel sounds

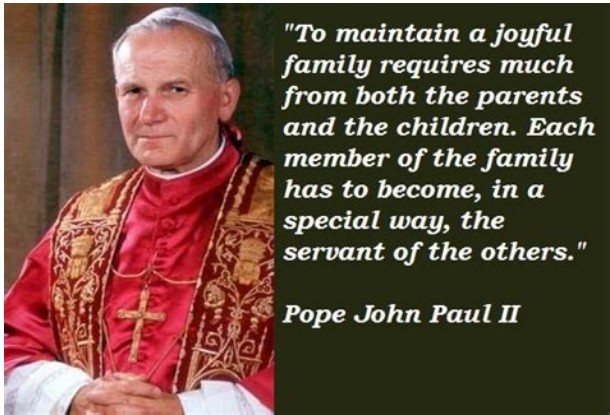

Writing: 5 paragraph essay on 2nd Grade

Math: Money, Table and Graphs, Geometry

XtraMath - Many students are really moving along in the program!

Social Studies: Studying Theme 4

Science: Soil - We learned about humus and took soil samples from the school yard.

Dear Parents,

We had another awesome week of hard work. We completed our Social Studies and Progress Units that were set in colonial times. We had a wonderful time playing old and new games together. We did all that on our Box Top pizza party day! I have to admit, it was fun just to play with the kids.

We are continuing to juggle multiple topics in Math, which is fun. Much of it is familiar to the kids. We took the skills we learned in metric measurement and applied them to our standard units, and it went so well! The students really remembered all they had learned!

Each child started a five paragraph essay on their top three favorite things about second grade. We'll continue working on them next week! I can't wait to read them!

I hope you all have a wonderful weekend! Happy Mother's Day!

Blessings,
Mrs. Kupitz

Things to Remember...
10 more days of school! I am excited for summer, but am sad that I will be saying good-bye to this class.

Specials:

Monday Atrium, Art (A week), Buddies (B week)

Tuesday PE, Spanish

Wednesday Mass, Computer, Library

Thursday PE

Friday Music, Harmony

Any student who would like to have a box of colored pencils included in their supply box, is welcome to bring them in. I have some that we share from time to time, but it is clear they REALLY prefer them over crayons. It's not a supply must have, but I'm ok if they have a set of their own.
